

PROGRESSIVE LEADERS WILL BOOST HARDING

Men Prominent in 1912 Roosevelt Campaign to Support Ticket

HAYS TO SEE SENATOR

National Chairman and Delaware Committeeman Expected in Marion Tomorrow

Marion, Ohio, July 8. — Assurance that the National Republican ticket would have the united support of progressive leaders prominent in the 1912 campaign were given to Senator Harding, the Republican presidential nominee, today, by Walter F. Brown of Toledo, prominent Ohio progressive, in a conference of nearly an hour, the senator and Mr. Brown discussed plans for the campaign and especially the part the progressives would take in it.

Mr. Brown was chairman of the Ohio state progressive committee in 1912, and in addition to being a delegate at the recent Chicago Republican convention, acted as the senator's floor manager. He is also a candidate for the Republican senatorial nomination to succeed Senator Harding.

"Without exception the old Roosevelt leaders are supporting Senator Harding and Governor Coolidge," said Mr. Brown to the newspaper correspondents.

"I might interject the remark that that is what Mr. Brown came to tell me about," said Senator Harding.

Prominent Progressives Endorse Ticket

Mr. Brown said he told the senator of a private dinner in New York last Thursday and attended by prominent progressives during which a resolution was adopted endorsing the Harding-Coolidge ticket.

Another visitor today was N. M. Miller of Columbus, manager for former Governor Frank B. Willis, candidate for the Republican senatorial nomination, but, according to Senator Harding, the call had no real political significance and only national politics were discussed. E. Mont Relling of Kansas City, also saw the senator.

Senator Harding for the most part spent another quiet though busy day. He again followed his example of yesterday in arriving at his office earlier than usual and devoted most of his time to the preparation of his speech of acceptance.

Will H. Hays, chairman of the Republican National committee, together with T. Coleman Dupont, committee man for Delaware, were to have arrived tomorrow to discuss plans for his nomination, but it was said to night that they might not reach Marion until Saturday. Mr. Dupont is chairman of the sub-committee on arrangements. Mr. Hays is expected to spend Sunday with the senator. Announcement also was made that Senator Cummings, Republican of Iowa, would arrive on Saturday to discuss campaign plans with the nominee.

Senator Harding was today advised that two additional baby boys had become namesakes of his. One is the son of F. A. Leberman, a newspaperman of Harrisburg, Ill., and the other a son of F. F. Callahan of Marion. The latter is the first baby born in this city to be named after the senator since his nomination.

San Francisco, July 8. — United States Senator Hiram W. Johnson said tonight he had received a "very cordial" telegram from United States Senator Warren G. Harding, Republican Presidential nominee.

"Further than that, I have nothing to say," Senator Johnson remarked.

Cox Soon to Announce Stand on Prohibition

Dartmouth, Ohio, July 8. — Putting aside the fact of being a Presidential candidate, Governor James M. Cox, the Democratic nominee, spent this afternoon on a farm, his boyhood home, 35 miles from Dayton.

Newspaper men who trailed the governor found him with his coat off, eating potatoes and broiling lamb chops over a camp fire in a small room some distance from the old home. His farm manager was with him.

Taking the intrusion of the news men as good-naturedly, he invited them to share the luncheon he was preparing, but, finding it would take him to have the potatoes cooked, he had him dispatched one of his men to Middletown for more. Lamb chops were served late in the afternoon. While the potatoes were cooking and the chops broiling, the governor answered many questions of the curious news gatherers concerning his early boyhood, which he had spent on the farm. He also discussed many phases of farming.

Governor Organizes "Pasture Club"

While sitting in the shade of a large elm tree, one of his thoroughbred dogs came up to have a look at the Democratic candidate. The governor said he is milked three times a day and gives two gallons at each milking. At the governor's suggestion, the "pasture club" was formed, having for

Private Concerns May Carry U. S. Air Mail

Washington, July 8. — Experiments are to be made by the post office department in the transportation of air mail by private concerns under contracts similar to those let to railroad companies. It was said today at the department. Requests will be made by the department within a few days for bids for the carrying of air mail on several new routes.

The present air mail routes, such as the Chicago-New York and Washington-New York lines, will continue to be operated by the government.

its members the Democratic candidate and the score of news writers and camera men. Miss Marjorie Wilson of Cleveland, the only woman reporter in the company, was unanimously elected president after being placed in the nomination by the governor. Mrs. Cox did not accompany the governor on the trip, which was made by automobile.

Since he acquired the old Cox home, two years ago, Governor Cox is fast transforming it into a model farm.

Governor Cox intimated this evening that he may make an early reply to the telegram of Richmond P. Hobson, Anti-Saloon League leader of Alabama, requesting that he make a definite statement soon of his position on enforcement of the federal dry amendment and congressional action to modify the Volstead act as to alcoholic content of liquors.

Many Confer with Wilson.

It was also intimated by the governor that he may go to Washington soon for a conference with President Wilson. Telephone conversations between Secretary Tumulty and the governor have been held during the past few days, it was said.

The civic demonstration in honor of the Democratic nominee will be held July 15. Interest now is turning to the approaching conference of the Democratic candidate with the sub-committee of the national committee and Franklin D. Roosevelt, the vice presidential candidate, which probably will be held Saturday, or as soon thereafter as the party can arrive from San Francisco. The governor will make no speaking engagements until he has conferred with the committee. Hundreds of invitations to make addresses have been received.

Cordial messages of congratulations and felicitations continued to arrive today by the hundreds.

Roosevelt, Speeding Eastward.

On board Western Pacific Steamship Limited, Westover, Utah, July 8. — Franklin D. Roosevelt, assistant secretary of the navy and Democratic nominee for vice president, who is enroute east from San Francisco, said today he would complete his campaign plans after consulting Governor James M. Cox, presidential nominee, and members of the Democratic national committee.

His personal preference is to have the official notification of his nomination take place at his home at Hyde Park, N. Y. He will, however, he said, bow to the will of the national committee.

Mr. Roosevelt will arrive in Chicago Monday morning and will arrange an appointment with Governor Cox either at Dayton or Columbus, after which he plans to go direct to Hyde Park for a day's visit with his family.

The assistant secretary of the navy will see at least one of the yacht cup races off Sandy Hook from a destroyer and will then go to Washington.

Mr. Roosevelt said he had considerable work to clean up in the navy department after his formal notification of the vice presidential nomination. He expects to take about a week's vacation with his family at Eastport, Me., beginning July 25.

Instead, He may Travel in Luxurious Liner, Guardian of "Champion Stowaway" Makes Known.

New York, July 8. — After having crossed the ocean five times hidden behind bales and boxes, Mike Guinoley, 14 years old "champion stowaway," may within a few months lounge luxuriously in a chair aboard a trans-Atlantic liner, bound back to Europe for a temporary visit to promote his education.

This became known today when Mrs. Marion C. Curry, who adopted the Irish-Belgian war orphan, mascot of the American troops, denied an erroneous report emanating yesterday from Ellis Island that she had inquired of immigration authorities there how she could be relieved of the custody of her ward.

Mrs. Curry said that she had asked Ellis Island officials what she would have to do if she wanted to take the boy to Europe on a trip which she is contemplating. She said that she did not want the boy deported but that evidently the authorities had misunderstood her.

"The boy has been good as gold," said Mrs. Curry. "and I do not want him deported. He has just completed school and is now going to a boy scout camp for the summer."

FATAL POWDER EXPLOSION.

Glens Falls, July 8. — James Conley, 17, of Fort Edward, was instantly killed this afternoon, and Norman Young, 18, was probably fatally injured, by the explosion of a quantity of powder used in the manufacture of aerial bombs.

PLANS FOR THIRD PARTY DISRUPTED

"Single Tax" Members Announce They Will Not Support Senator LaFollette

BOLT IS THREATENED

New Party's Activities Go Ahead, However, Apparently Unaffected by the Ultimatum

Chicago, July 8. — Plans of a group of liberal and radical organizations for one united third party, with candidates for President and Vice President in the field, received a setback today, when single tax party members announced they would not support Senator Robert M. LaFollette, who is expected to be the choice of the other group.

The single taxers, who arrived today to prepare for their convention, which opens Saturday, declared they would bolt the combine and nominate a separate ticket if the majority chose LaFollette. While the single taxers were threatening to present their own ticket, Amos Pinchot and George L. Record, of the committee of 48, were in Madison, Wis., today conferring with LaFollette, who has received a majority of a male straw vote of the party.

The committee of 48 and single tax conventions open Saturday and on Sunday the labor party of the United States, another prospective member of the proposed third party combination, meets here. The National Non-Partisan League, Triple Alliance of the

Senator Robert M. LaFollette.

Northwest, National People's League of Minnesota, World War Veterans, and National Public Ownership League have been invited to send fraternal delegates to the convention and later endorse the platform and candidates.

Jerome C. Reis, single tax committee man from Pennsylvania, announced that the single taxers would accept the committee of 48's invitation to attend the third party convention, but would leave if they were unable to prevent the selection of LaFollette as standard bearer.

"The committee of 48 has a most wonderful opportunity to create the long-looked-for new 'political party in America,'" he said, "but LaFolletteism will certainly be the wrong one to follow. I do not believe there is one delegate to the single tax party who could stomach LaFollette and I am sure that those from my own state are against him to a man. LaFollette's entire political history is replete with the paternalistic or even Socialistic legislation which the single tax party unalterably opposes."

Plans for the committee of 48 convention went ahead, however, unaffected apparently by the threat of the single taxers. J. A. H. Hopkins, national chairman, opened headquarters in a downtown hotel, where the convention will be held, and several scores of delegates from a number of states reported.

"We are delighted with the new party's program," Mr. Hopkins said. "We have a far more powerful nucleus for a future organization than the progressive party had in 1912. Our strength is coming from Democrats as well as Republicans. For the first time since the Civil War, there will be a break in the solid south."

Sympathizers of the Irish republic among third party men let it be known tonight that a plank favorable to the Irish cause would be submitted for incorporation in the platform of the committee of 48. A questionnaire was sent 1,130 members of the committee, according to an announcement, sentiment against reference to the Irish question.

Announcement was made today that the Major William Hyde Thompson Republican faction had abandoned the idea of joining a third party movement in Illinois.

LaFollette's Plans Not Known.

Madison, Wis., July 8. — No indication as to the plans of Senator LaFollette regarding his candidacy for president on a third party platform was given tonight following a conference with Amos Pinchot of New York

Louisiana Refuses to Act on Suffrage Despite Cox

Baton Rouge, La., July 8. — Efforts to suspend the rules of the house of representatives of the Louisiana legislature so as to act on the suffrage amendment before adjournment of the session tonight failed today, the motion being voted down, 52 to 45.

The attempt to have the legislature reconsider its action in refusing to ratify the amendment was made following the receipt of a telegram by the chairman of the state Democratic committee from Governor James M. Cox, the Democratic presidential nominee, in which the governor expressed the opinion that the legislature owed it to the Democratic party to ratify.

Rutland, Vt., July 8. — Governor Clement, returning to his home here today for the first time since his conference in Washington with Senator Harding regarding a special session of the Vermont legislature to make possible ratification of the woman suffrage amendment, said he still was undecided as to a special session.

"That Washington matter was given altogether too much publicity," he added.

WILSON TO ISSUE CALL TO LEAGUE ASSEMBLY

Meeting Will Be Held in November, It Is Announced—Financial Congress This Month

London, July 8. — President Wilson has accepted the invitation of the League of Nations to call a meeting of the assembly of the league early in November, it was announced in the House of Commons today by Cecil B. Harmsworth, under secretary for foreign affairs.

Washington, July 8. — White House officials today declined to say when a call for a meeting of the league of nations assembly would be issued by President Wilson. At the state department, however, it was learned that the President had been informed that it was the wish of the league members that a meeting of the assembly be called for early in November.

The place of the proposed meeting, so far as can be ascertained in official circles here, has not been definitely determined. Geneva and Brussels are contending for the honor.

Financial Congress Soon Opens.

Washington, July 8. — The United States will be represented unofficially at the Brussels financial congress under the league of nations on July 25, Secretary Houston announced today. The representatives of this country, whom Mr. Houston said would not be government officials, will be chosen within a few days. It is planned, the Secretary said, to send three representatives to observe the proceedings and consider the discussions and official reports.

The conference will discuss economic conditions of the various nations, the Secretary said, and many helpful suggestions for working out the reconstruction problems of the different countries are expected to result. The program of the conference has received calls for the presentation of written statements on external debts, taxation, currency, internal loans, import restrictions, and exchange control, and similar topics. Reparation and cancellation of war debts will not come up for consideration, it has been stated.

The United States, said Secretary Houston, will not offer suggestions on matters such as the external debt, which is held by officials here not to be an American problem, but probably will offer some recommendations as may be helpful in regard to taxation and coal supplies for various countries.

The United States cannot be bound by any of the conference deliberations, Mr. Houston declared.

and George L. Record of New Jersey, who visited him at his farm here today to discuss third party affairs and politics generally.

Little belief was expressed by friends of the senator, however, that he would consent to head a third party, although he is known to favor certain of the platform planks that the new organization is expected to adopt.

"Mr. Record and I spent a couple of hours with Senator LaFollette this afternoon and went over the whole political situation," said Mr. Pinchot tonight. "We asked that a campaign be waged on a brief, clear platform, calling for government ownership of the railroads and of the principal national resources and that no land should be held out of use for speculation or to aid monopoly."

"The conference is to be resumed tomorrow. No definite conclusions were reached today."

Eastern Delegates Leave.

New York, July 8. — Sixty-four delegates from Eastern states to the convention of the single tax party, to be held at Chicago July 10, 12 and 13, left here today. Brand Whitlock, Amos Pinchot and Dr. Frank Crane were suggested by delegates as suitable candidates for the party's Presidential nomination.

SAY BUSINESS IS THREATENED

Representatives of Many Industries Call on I. C. C. to Revoke Mine Preference Order

BRAND IT DESTRUCTIVE

Daniel Willard, However, Declares Priority Service Is Essential to Relieve Freight Jam

Washington, July 8. — Declaring their business to be threatened with destruction, representatives of nearly a dozen industries today asked the Interstate Commerce commission to revoke or modify its order requiring railroads to accord preference to coal mines east of the Mississippi river in the assignment of open top cars.

Speaker after speaker at the commission's open hearing on the order declared his business would be forced to close down and his employees thrown out of work unless the order was rescinded or modified. There were no indications, however, that the commission would make any change in the order, which was issued two weeks ago for the purpose of relieving coal shortages throughout the eastern states.

Industries protesting against the order included those manufacturing or dealing in crushed stone, cement, sand, gravel and lime, and also general building contractors. Preceding testimony of their representatives, the commission heard Daniel Willard, chairman of the advisory committee of the Association of Railway Executives, who declared that priority of service favoring the more essential commodities was necessary to relieve the present freight congestion.

No suggestion for the modification of the order was made by Mr. Willard, who, on the contrary, urged co-operation between shippers and local car service committees for shipment of freight on the return movement of the cars to the mines.

Mr. Willard, however, told the commission that he did not believe it would be necessary to "wholly curtail the movement of any particular kind of business." He suggested that shippers seek to eliminate delays in car movements, that they load the cars to the maximum capacity, and that they forego the reconignment of cars. The problem in general, he said, was to make the available insufficient equipment more effective.

Intimation that the fight would be carried beyond the commission in case of refusal to modify the order, was given during the hearing.

CARPENTIER-DEMPSEY FIGHT PLANS FADING

Chance of Championship Bout Now Regarded As Unlikely Before Next Year, If Ever

New York, July 8. — Chance of a championship bout between Georges Carpentier and Jack Dempsey is regarded as unlikely before next year, "if ever," Jack Kearns, Dempsey's manager, declared today following a conference with Francis Descamps, the Frenchman's manager, and others prominent in boxing circles.

Kearns had signified his willingness at the conference to contract to box Carpentier at any time or place agreeable to the two principals, for the highest purse offered, but William A. Brady, representing Charles Cochran, London fight promoter, produced a contract which Carpentier signed after he had knocked out Joe Beckett, the English heavyweight, in London last fall. This contract gives Cochran an option until December 31 next. A clause forbids Carpentier or his manager from ever discussing a Dempsey fight with any other promoter.

Apparently the only avenue open for discussion of a match would be for Kearns and Dempsey to accept Carpentier's challenge issued in Paris last year, in which it was specified that the bout would have to be held in England or France under Cochran's management. Kearns, however, refused to consent to have Dempsey go to Europe to defend his title.

Carpentier, who came to the United States several months ago, will sail home next Saturday. He said he would return to this country on September 4 to box Battling Levinsky on October 10.

MANY SAIL FOR ABROAD.

New York, July 8. — With 1,254 cabin passengers aboard, the steamship Olympic, sailing from here today for Southampton, broke this year's record for outgoing ships. The Olympic was the Olympic's largest since the beginning of the World war.

Among the passengers were I. Kumezawa, the Japanese tennis champion, and 17 other Japanese athletes bound for the Olympic games at Antwerp.

DEPUTY CONSUL FOLGER DIES.

Kingsport, Ont., July 8. — Howard S. Folger, Deputy United States consul in this city, died here today from a stroke of paralysis. Mr. Folger was general manager of the St. Lawrence River and Thousand Islands Steamboat company before it was acquired some time ago by the Canada Steamship Lines, Ltd.

Prohibition Ticket May Again Be Put in Field

Chicago, July 8. — A prohibition ticket may be put in the field again this year, according to an announcement made today by Hugh G. Hinshaw, chairman of the Prohibition National committee. He declared "both the Democratic and Republican National parties, in omitting a plank endorsing the eighteenth amendment, had virtually failed in living up to the standards demanded by American people in 45 states."

Decision as to a ticket will be made, he said, at the national convention to be opened in Lincoln, Neb., on July 21.

TO PROBE PALMER'S EXPENDITURES TODAY

Senate Committee Transfers Hearings From Chicago to St. Louis; Attorney Gen. Apathetic

Chicago, July 8. — The senate committee investigating pre-convention campaign expenditures of candidates left tonight for St. Louis, where it will resume its hearings tomorrow.

Expenditures in behalf of Attorney General A. Mitchell Palmer, who was a candidate for the Democratic nomination for president, are scheduled for investigation at tomorrow's session, and nearly a score of witnesses, including Edward Goitra, Democratic national committeeman, and Joseph T. Davis, both of St. Louis, have been subpoenaed.

Reports that Goitra paid \$3,000 to delegates for expenses to the state convention, which was responsible for the ousting of Senator Reed from his national convention seat, were said by committee members to be one subject which will be investigated.

Press dispatches from San Francisco today showed that Goitra and Davis are still there, but Senator Kenyon said the committee would begin its inquiry into Mr. Palmer's campaign regardless of whether Goitra and Davis are present.

The committee today finished its hearing in Chicago with the testimony of Henry Lincoln Johnson, Georgia negro, alleged to have received \$9,000 Lowden money, who declared supporters of Major General Wood spent more money than Governor Lowden in Georgia and that the Democrats spent more than both of these Republicans.

Portland, Ore., July 8. — "They're going to investigate me until the cows come home," declared Attorney General A. Mitchell Palmer here today on his way home from the Democratic National convention, when informed that the senate committee investigating pre-convention campaign expenditures proposed taking up his campaign expenses.

"None of my money was spent," the Attorney General said. "What is the use of investigating?"

Mr. Palmer said he could not take the proposed investigation seriously.

SEARCH FOR "LOVE PAYROLL"

District Attorney's Investigation Into Mysterious Murder of Card Expert Takes New Turn

New York, July 8. — Search for a "love payroll" of Joseph B. Elwell and for a later will than that filed for probate, today marked a new turn in the district attorney's investigation into the mysterious murder of the wealthy turfman and whist expert here last month.

Banks with which Elwell kept funds were asked to furnish transcripts of his accounts for several months prior to his death. Evidence that the turfman, noted for his "conquests," had been paying one woman \$50 and another \$100 a month is being investigated in the hope that more light may be shed on such disbursements.

Incidental to acknowledgment of this trend of the inquiry, Assistant District Attorney Talley related today some of Elwell's "tips on how to handle women," as told him, he said, by the horseman's trainer.

One of Elwell's tactics, according to the story detailed to Talley, was to hold aloof from a woman he particularly admired. Then he would tell other women how much he liked her, and continue apparently to avoid her, thus invariably brought the woman he wanted to the point of seeking him.

CINCY OFFICIALS HAVE NARROW ESCAPE FROM LIGHTNING BOLT

Cincinnati, July 8. — Manager Pat Moran of the Cincinnati Nationals, Business Manager Frank Bancroft, and Auditor Karl Finke narrowly escaped being struck by lightning at the ball park this afternoon. During a storm they were standing near Bancroft's desk when the bolt struck a signpost on the roof, descended into the office, and buried itself in the floor at the feet of the club officials. They escaped injury.

ROCKEFELLER 81 YEARS OLD.

Tarrytown, July 8. — John D. Rockefeller celebrated his 81st birthday anniversary quietly at his Pocantico Hills estate today.

There was no prearranged program for the day, but many friends of the aged financier and philanthropist called in person or sent messages congratulating him on his passage of the 81st milestone.

FOE GIVEN TILL NOON TODAY TO AGREE TO DISARM

Allies Will Occupy More Territory If Germany Refuses to Comply

GERMAN CABINET MEETS

But Reaches No Decision on Demand of Entente Premiers; Reichstag's Opinion Asked

(By the Associated Press)

Spa, Belgium, July 8. — The joint Allied-German conference on the terms of the peace treaty reached another critical point today. The Germans have until noon tomorrow to say whether they will accept the Foch-Wilson plan of disarmament. The alternative is contained in the specific threat that the Allies will occupy the Ruhr or other territories if Germany cannot or does not accept.

The German cabinet, of which seven of the nine members are here, held a meeting which continued from 5:15 o'clock this afternoon until 8. No decision was reached and the council adjourned until 9 tomorrow morning. The prevailing view among the Germans was that the Allies had carried their demands, particularly the threat of occupying of further German territory, much beyond any provisions of the Versailles treaty, and also that the Allies are taking up an aggressive position not contemplated by any clause in the treaty.

Allied Note to Berlin.

The Allied disarmament note was communicated to Berlin early in the day at Chancellor Fehrenbach's request, with the direction that it be submitted to the Reichstag and to the leaders of all the parties, whether supporters of the government or the opposition. Herr Fehrenbach asked for the views of the reichstag and the party leaders, but said that the decision would rest with the cabinet now at Spa.

Private negotiations are reported to be going on tonight between Premier Lloyd George and Millerand on the one hand and Dr. Simons for the Germans, but this could not be clearly established. Dr. Simons left the cabinet meeting shortly before it ended. It was said he had gone to meet the Allied premiers.

The final decision of the Allies sets forth:

First. Germany must immediately disarm certain of its forces, including the security police.

Second. Publish a proclamation asking for the immediate surrender of all weapons and firearms in the hands of the civilian population.

Third. Abolish immediately compulsory service.

Fourth. Surrender to the Allies all arms, guns and cannon which it possesses above the limit fixed by the treaty of Versailles.

The Allied decision concerning disarmament reads: "If on October 1 the German army is not reduced to 150,000 men, the Allies will proceed to occupy German territory in the Ruhr or any other part of German territory, and will not evacuate it until all the conditions of the present agreement have been fulfilled."

BRANDS REPORTS OF COAL SHORTAGE FAKE

American Coal Association Official Blames Government Agitation For Famine Scare

Washington, July 8. — Assurance of an adequate supply of coal to meet all domestic requirements during the coming months was given today by George H. Cushing, managing director of the American Wholesale Coal association, who declared in a statement that reports of an impending coal shortage were unfounded. The public, he said, is panic stricken without reason or excuse.

"There is no shortage of coal," Mr. Cushing stated. "There is no danger of any such shortage. Therefore, there is a reason but no excuse for the current high prices in the open market. The reason is that we have had too much governmental agitation of the danger of a famine."

Mr. Cushing declared that for the past eight months "there has not been a day or even an hour when some governmental agency was not agitating about coal and predicting a coal famine." Prices, he said, have reached the highest peace-time level in history because those who need coal are "frantically bidding against each other in every market."

Declaring that he had investigated nearly every alarmist report, Mr. Cushing asserted that "not one of them will stand scrutiny or analysis."

MARKET AGAIN FAIRLY ACTIVE AND STRONG

Movements of Leaders Influenced to Greater Degree by Inter-mittent Profit-Taking

New York, July 8.—The stock market was fairly active and strong again today, although falling somewhat below yesterday's expansive operations, both in volume and variety of dealings. Movements of leaders were influenced to a greater degree by intermittent profit-taking. Pools dominated the trading.

Public interest locally was light, but commission houses reported further signs of July reinvestment demands from out of town, notably in high-grade industrials and several of the latest capital underwritings.

The success of the Swiss loan stimulated interest in the forthcoming offerings by a banking syndicate of \$60,000,000 of Armour and Company ten-year, seven per cent convertible notes, formal announcement of which was made after the close of the market. There was again a visible dearth of time funds, but call money continued to ease on an enlarged supply. The opening quotation of seven per cent, which held throughout the session, was the lowest in many weeks.

Convertible railway issues and Cuba 5's, the latter at an advance of two points, featured the firm bond market, although Liberty issues were again irregular. Old U. S. 4's rose three-fourths on call, others unchanged.

ADOLPH ZUKOR PRESENTS THE COPPERHEAD

The called him "traitor," and he grieved in the shame. His crosses were those who sneered when the flag went by.

His soldier son, giving his life for the Union, left him only a message of scorn. His wife the love of his youth, turned from him as from a thing unclean, and died without saying goodbye. The lads in the street reviled him—cheered when he went to prison.

But one day this "traitor" received a letter bearing the mark of the White House and scrawled by a big rough hand:

I alone know what you did and what you endured. I cannot reward you. Man cannot reward anything worth while. I send you the flag that flew at Vicksburg. Some time I hope to shake your hand.

Your friend, A. Lincoln.

That was all his reward—All he wished.

A Word to Owners of Small Cars About Buying Tires Now

You know that every summer, for the past four years, there has been a shortage of Goodyear Tires in the 30x3, 30x3 1/2 and 31x4-inch sizes.

Although we have now in operation the world's largest tire factory devoted to these sizes, we cannot guarantee to supply all needs this year.

So if you want true Goodyear mileage and economy this summer for your Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, we counsel you to act at once.

The sure way to avert disappointment later is to go to your nearest Service Station Dealer and buy Goodyear Tires and Heavy Tourist Tubes now.

30 x 3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread \$23.50

30 x 3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3 1/2 size \$4.50 in waterproof box.

DELHI TEAM DEFEATED.

Delhi Wins by 2 to 1 Score—Plays at Sidney Saturday.

Delhi, July 8. — In an interesting and well played game at Wilber park Wednesday afternoon the Delhi team was victorious over the fast, Sidney nine by the score of 2 to 1. The game was a close one and kept both players and spectators on edge every minute. The day was a bad one for the game, a heavy wind blowing all the afternoon, with several showers mixed in. The game was finished, however, despite the fact that the heavy downpour of the day occurred during the ninth inning. A good crowd was present, although not as large as usual on account of the bad weather.

The game was well played, the fielding of both sides being excellent. More runs were hit than is usual. Jewell in the right field for Delhi, made a difficult play, catching a hard hit ball while going at full speed. Another nice one-handed catch was made by the Delhi second baseman who reached out and pulled in a fast liner.

Following is the score by innings:

 Batteries — Delhi, Smith and Watson; Watson and Carpenter.

Men's Suits At a Great Sacrifice

In March we placed orders with a New York manufacturer for 36
Men's Suits to be delivered to us before Easter. About the time these suits
were to be shipped they supplied us with a strike and we received word that
our orders could not be filled, notwithstanding that the cloth was cut and in
course of being made. This necessitated us buying elsewhere.

Now, after weeks, the strike has been settled, but the manufacturer has
been caught with an unrecouped stock at the end of the season. This firm
offered us our original purchase at a great sacrifice—so great that we could
not ignore it, and we bought the entire 36 suits and will give our patrons the
benefits of the maker's loss.

Had these suits arrived on time you would have paid \$40, \$50 and \$55.

MISS ELIZABETH PALMER WEDS.

Is Bride of Lee S. Murphy of Oneonta in Quiet Ceremony Yesterday.

Miss Elizabeth M. Palmer of this city and Lee S. Murphy of Oneonta were married yesterday morning at 9:30 o'clock at the home of the bride's mother, Mrs. Albert Hutson, 57 Spruce street.

The ceremony, which was a quiet one on account of the recent death of the bride's mother, was performed in the presence of a small group of the bride's near relatives by her pastor, Rev. Dr. Edson J. Farley, of the First Baptist church.

The bride wore an attractive evening dress of dark gray tulle, with hat to match, and carried a bouquet of white roses. They were unattended.

They were immediately after the ceremony left by auto for a ten days' camping trip along the Susquehanna.

Upon their return, they will make their home in Oneonta. The bride, who is a daughter of the late Arthur Palmer and Belle Sherman, is a native and life-long resident of Osego county, where she is favorably known by a wide circle of friends.

After her graduation from the Oneonta training class, she taught school in Tracadieu and from there went to Osego and later to Portlandville, where she completed her duties as an instructor last month.

She is a young woman of high character and pleasing personality and her friends will wish her all that is best in life.

Mr. Murphy, who is the son of Mrs. Julia Murphy of Tracadieu, has been a resident of this section for most of his life. Since completing a course in horticulture at Cornell university, he has successfully followed the profession of a tree doctor in this vicinity.

At the outbreak of the war, however, he relinquished his duties and served overseas with the medical corps of the American army for two years, during which period he had a part in many of the big battles in which the Yanks participated.

He is a young man held in high esteem by all who know him and friends of both bride and groom will unite in extending congratulations and best wishes for a long and happy wedded life.

After the camping trip, Mr. and Mrs. Murphy will at once go to Oneonta to make their home, and he will resume his professional work.

King's Herald's Entertain.

Yesterday afternoon, from 3 till 5, the King's Herald's of the First Methodist Episcopal church Sunday school entertained the Light Bearers' class in the church parlors, about 60 mothers and children being present.

During the afternoon, a program of recitations and songs was rendered by the children. Short addresses were given by Mrs. B. M. Johns and Mrs. C. J. Westcott, after which Mrs. Westcott presented to the children prizes of books for the best attendance and to those who had secured the most new memberships during the year.

At the close of the afternoon, refreshments were served.

WAS HARDING'S FORMER PASTOR

Dr. M. C. Miner of West Oneonta Pleasantly Recalls Presidential Candidate — "Man of Integrity and Universally Respected and Beloved," Says Clergyman Who Preached Thirty Years Ago in Marion.

Many of our readers, who personally known Rev. M. C. Miner, D. D., pastor of the Free Baptist church in West Oneonta, will be interested to learn that the above named clergyman was formerly located in Marion, O., as pastor of the Free Baptist church in that city, of which Warren G. Harding, now Republican candidate for the presidency of the United States, was a member.

Dr. Miner's sojourn in Marion as pastor was in 1887-9, and Mr. Harding was at that time a young, unmarried man, not greatly interested in politics and intent in carving out his fortune as editor and proprietor of the Marion Daily Star of which he still is owner.

At a later period Dr. Miner was pastor of the Free Baptist church at Morral, a town about eight miles away. While located there, he was acquainted with Mr. Harding, now with the engineering department of the New York Telephone company, was employed for some time in the Harding printing plant at Marion.

Speaking from his personal recollections, Dr. Miner says: "Though then a young man—about 27 years of age—Mr. Harding was held in the highest esteem by the business and professional men of his city, and in fact by citizens generally, not only of Marion but of the surrounding farming territory. He was and is a public spirited man, and has taken great interest in the welfare of his city and state. In whatever he has undertaken, he has shown his competence. While careful and conservative and could in any emergency be fully trusted. All the good words which have been printed regarding his general good standing, his conduct of his business and his relations with his employees, I can confirm from the speech of the people and from knowledge gained while my son was there employed. A man of integrity, he is unusually respected and loved."

"Speaking from my recollections of Mr. Harding and of his standing in Marion, I know that his neighbors will regard him as of presidential size. He will be conservative, reliable and trustworthy; he will listen to counsel and he will take his advisors into his confidence. He richly deserved the nomination and if elected he will unquestionably come up to the full stature of his high office."

Ethel R. Crispell having left my bed and board, I hereby forbid anyone trusting her on my account. Clarence W. Crispell. 3t
